WEST *Group Exercise Class Descriptions*

ATHLETIC ABS, POWER GLUTES: A challenging class focusing on the abdominal and gluteal muscles.

BODY SCULPT: The ultimate in body shaping! A strength training workout employing stability balls, hand weights, body bars, resistance bands and med balls to sculpt, define, and tone the upper and lower body.

BOSU CHALLENGE: A core based training session which integrates balance with muscular strength, endurance, power, cardiovascular conditioning, agility, proprioception and flexibility. Prepare to work!

BOOT CAMP: A 55/75 minute back to basics fitness class that will provide a challenging, competitive and positive environment for all fitness levels. In this total body workout each team member will be trained and conditioned to be the best you can be. We will focus on cardio conditioning, endurance, muscular toning, strength, agility and speed. Be prepared to train outside in nice weather.

CARDIO DANCE: This is a multi-level class which combines both high and low impact moves. Upper and lower body toning included.

CARDIO MIX: This cardiovascular workout which incorporates the use of various drills and additional equipment to keep your heart pumping. Toning included.

CARDIO SCULPT: Start with basic movement and add the stability ball to increase intensity and add resistance.

CARDIO/STRETCH: Experience two forms of training, a cardiovascular low impact aerobic workout followed by a 30 minute stretch and flexibility segment.

F.I.T. FITNESS INTERVAL TRAINING: Bouts of cardio-activity coupled with bouts of resistance training yields a great way to burn calories and elevate your fitness level. A total body workout!

HARD CORE: This training session is designed to strengthen and tone the abdominal and back muscles in order to build a strong stable core. 30 minutes.

HI-ENERGY LOW: Pump up your energy level with low impact aerobics followed by body toning resistance work.

KICK BOX CONDITIONING: This powerhouse of training includes Kick Box punch and kick combinations, plus a variety of athletic sport drills, core training and resistance work.

PILATES' PLUS: Intensify your Pilates workout with the added challenge of a palm-sized weighted ball along with the large stability ball.

PILATES' (MAT Class)

INTRO/INTERMEDIATE: A unique system of body conditioning which strengthens and tones muscles, improves posture, flexibility, balance and relaxes the mind.

POWER STEP: This class takes step to the next level. Step combinations, plus leaps, lunges and squats, equal a heart pumping aerobic workout. Resistance and stretching included.

POWER STRETCH: In this class you will perform a progressive series of exercises which will focus on improving core stability, strength, balance and flexibility.

STEP: Challenge the major muscle groups of the lower body by stepping up and down onto an adjustable platform. Upper body arm movements are added to intensify the workout. A great cardiovascular workout!

STEP CIRCUIT: Cardiovascular step training is combined with strength training for an all around workout. Add variety to your step training with the use of tubing, dumbbells, body bars, the stability ball and the BOSU.

TURBO KICK: Turbo Kick is a fun way to incorporate kickboxing, dance and martial arts into a high energy workout.

ZUMBA: Dance to the pulsating beat of high-energy music. Zumba is a style of intense dance aerobics which incorporates simplified footwork and body movements from salsa, flamenco, hip hop and other dance forms.

ZUMBA SCULPT: Dance to the beat of pulsating music and finish this session with body shaping strength moves.

Spin Core: 60 and 75 minutes. Spin Core is a combo class which combines a Spinning ride with core training exercises that strengthen and stabilize the muscles needed for more efficiency during Spinning Class, cycling and everyday class activity.

The Spinning® program incorporates five Energy Training Zones:

Recovery - Endurance - Strength - Interval - Race Day

What to bring:

Moisture-wicking clothing. Wear a lightweight shirt such as a cycling jersey to keep you cool and dry.

Padded cycling shorts.

Water, water, and more water, before, during, and after you ride.

Towel. You'd be surprised how much you can sweat in a Spinning® class.

Heart rate monitor. The Spinning® program is based on heart rate parameters.

Stiff-soled shoes or cycling shoes.

WEST Water Aerobic Class Descriptions

Benefits to Water Training Classes:

Low impact movement in the water provides support for the joints and aids in the recovery of an injury. Water aerobics classes offer a total body workout that is challenging and fun for all ages and fitness levels. Speak to any of our certified instructors if you need special attention or have questions about personalizing your workout.

ADVANCED WATER: A workout designed to increase cardiovascular endurance. Ideal for the individual who needs an intermediate level of training. Strength training equipment is used to enhance this class.

AQUA STRETCH: Uses the natural support and resistance of the water to create a full range of motion workout. A great class for everyone regardless of age or mobility.

HI/LO AQUA: If you are new to the water or an experienced participant this is a great class. The class offers a moderate level or intensity. The instructor will demonstrate higher or lower versions of moves to personalize your training.

INTERVAL TRAINING: This class offers a challenging cardiovascular endurance workout. High intensity aerobics are interspersed with segments of active rest.

WATER INTENSITY TRAINING: Fast paced, challenging class. Always different with a goal to increase strength and endurance. This class uses a variety of equipment for a full body workout.
