## DENISE Hottman

Denise has worked with Dan Jackson in Cottage Grove for over 3 months and it has truly changed her life. Before coming to Dan, she was leading a lifestyle she knew she would need to change as she was now in remission and wanted to lead a healthier lifestyle.

Dan met Denise in April of 2016 and he remembers their first session very well. He started her workout by evaluating her nutrition, cardiovascular endurance, lower and

upper body strength, and core abilities. Within the first fifteen minutes Denise was completely fatigued, but she did not let this stop her from finishing the workout. Over the past few months, Denise has displayed great mental fortitude to overcome every physical challenge Dan threw at her including kettle bell circuits, battle rope challenges, and the dreaded stair master! Since beginning her weight loss journey, Denise has lost almost 35 lbs, has been more conscious of nutritional choices, she has cut her blood pressure medication in half, and is currently cancer free!

"It has been a privilege to be part of her weight loss journey and it makes me happy to see her embracing a more healthy lifestyle!"--Dan Jackson
