**Spinning®** is challenging, fun, and one of the best ways to improve cardiovascular fitness while burning lots of calories. Because Spinning® is low impact it is suitable for most people, and our classes can accommodate all ability levels.

The Spinning program incorporates five Energy Training Zones: \*Recovery \*Endurance \*Strength \*Interval \*Race Day

New Participants:

Please arrive 15 minutes prior to class time. New riders are encouraged to attend our INTRO class held on Sundays at 4:00 pm. Your Spinning instructor will help you with bike set up and a sample ride.

What to bring:

- Padded cycling shorts • Stiff soled shoes or cycling shoes • Water, before during and after your ride • Towel •
- Moisture wicking clothing (Lightweight shirt such as a cycling jersey to keep you cool and dry) •
- Heart rate monitor. The Spinning program is based on heart rate parameters. If you do not have a monitor that is okay too. •

**Water Exercise Classes** provide lower impact on the joints but more resistance for muscle toning and cardio conditioning.

\*Water shoes are strongly recommended but not required.

Aqua Boot Camp - This class is a rigorous cross training workout combining bursts of cardiovascular exercises, water aerobics, modified plyometrics and strength training. It is a great way to improve your fitness level.
